

CANADA IS BIDDING FOR EXPORT TRADE

(Correspondence Associated Press)

PARIS, April 16.—Canada is in the midst of an energetic campaign for foreign trade which, from results thus far achieved, bids fair shortly to push her peace-time exports up to unprecedented figures. On arrival day Canada's foreign commerce on the side of that in war materials was virtually at a standstill because of lack of shipping facilities and the conditions imposed by war. Today, five months later, the volume of her peace-time trade is said to be equal to that before the war, and the receipts to be greater. Canada's exports in 1914 were valued at approximately \$410,000,000.

As Sir George Foster, Canadian minister of trade and commerce, who is in Paris, pointed out to the correspondent of The Associated Press, the foreign field for Canadian activities is virtually without limit. The difficulty which is being encountered is the inability of European countries to pay for goods although they are anxious to get them. Canada already has granted credits of \$25,000,000 each to Belgium, Greece, Rumania and France, making a total of \$100,000,000. Other credits are under discussion. Large advances also have been made to the mother country to enable her to pay for products for herself and her allies.

Canada is operating in the foreign field through a well organized system of trade commissioners. This has been supplemented by a trade mission in London and a branch mission in Paris. This machinery is designed to get into close and quick touch with European necessities with a view to placing Canada's natural and industrial resources at the service of the countries over here for reconstruction. The results thus far achieved have given rise to great optimism in regard to

Canada's immediate future in trade.

A large part of Canada's wartime industries are said to be convertible for peacetime manufacture. Canada's war industries were as a matter of fact, really an organization of her peace facilities. Sir George Foster estimates that the losses which will be sustained in the conversion will be a minimum.

Compled with the quick return to peace conditions industrially has been the successful working out of the demobilization scheme for the troops. These men are rapidly being absorbed into their old occupations. All the Canadian troops remaining on this side will be back home in about two months. It is stated, ready to take up their pre-war work.

RENO MAN GETS SIX PRISONERS

Wearing the distinguished service cross and with a recommendation from General Pershing that he be awarded the medal of honor as a member of the great war, Elmer Blakely, well known Reno man and formerly an employee of the Nevada Transfer company, arrived home Tuesday. He was a member of the 602nd Infantry and won his citation in the Argonne.

He was liaison runner for the company and while out on an expedition uncovered a German machine gun nest. Alone he killed two of the Germans, took six prisoners and made the prisoners carry a wounded American officer back to the line. He also captured the machine gun and ammunition.

NOTICE

To whom it may concern: Owing to the high cost of living and the exorbitant prices of rents, Carpenters Union, Local 1147, has set a minimum scale of wages at \$8 a day, effective May 1, 1919, at 5 a.m. Its dues are \$1.00 per month.

CARSON TO RENO IN 15 MINUTES

Flying by way of Carson City the first of the Mather field aviators arrived in Reno at 12:05 o'clock Tuesday and landed on Mather field. He flew over from Carson City in 15 minutes taking the same route as the aviators who came to Reno several weeks ago, and was in the air seven minutes from the time he left the Sacramento field until he landed safely here.

Lieutenant Beck piloted the machine, a D. H. 4, and he was accompanied by Sergeant Reid.

An altitude of 14,000 feet was reached by Lieutenant Beck and he had no trouble coming over the mountains. He flew over the southern end of Lake Tahoe and then over Carson.

GOLDFIELD MAN IS IN NEW DIVIDE COMPANY

The Alta Divide Mining company has been organized with the following Goldfield men as officers: G. H. Dyer, president, chief engineer for the Goldfield Development company. The vice-president, J. Woodward, is a business man of Goldfield, with interests in the Copper Mountain district. W. E. Edwards, who is secretary and treasurer, was for a number of years with the Canadian Consolidated Mines company of British Columbia, and more recently was mine superintendent for the Aurora Consolidated, one of the Wingfield interests. William Huggard, a director, is one of the staff of the Goldfield Development company.

The company has a group of eight claims in the southwestern part of the Divide district.

SIMON SILVER LEAD MINES EXTENSION COMPANY

All those who bought stock in the above company through me are notified that they can procure their certificates at the office of Smith & Amundson and after Wednesday. No certificates will be held longer than Saturday.

ADVISED: OWEN DOUGHERTY.

HAVE SECURED OFFICES

The Green and Divide Syndicate mining companies have opened offices in the C. L. Richards building, Main street.

GOWLING GUILTY UNDER MANN ACT

SACRAMENTO, May 8.—William E. Dowling, part owner of a mine at Sloat, Calif., was found guilty of violating the Mann act by a jury in the United States district court here Tuesday. Dowling was charged in an indictment returned by the federal grand jury with transporting Mrs. Myrna P. Northcutt of Riverside, Calif., from Reno, Nev., to Sloat for immoral purposes.

The jury found the defendant guilty as charged on all five counts in the indictment.

Gowling's bail was increased from \$2000 to \$5000 by the court after the verdict was returned, and Friday was fixed as the day for imposing sentence. Dowling was ordered detained in the county jail here until he could furnish the additional bail.

Lieutenant Carlton Northcutt, discharged naval officer, husband of Mrs. Northcutt, was the principal witness for the prosecution.

Mrs. Northcutt, heiress of the late Martin Patterson, banker, of Superior, Wis., called as a witness for the defense, testified that she loved Dowling and that he loved her. She denied she had ever had any immoral relations with Dowling.

TEACHERS CHOSEN FOR WINNEMUCCA

The following faculty of the Winnemucca high school for the ensuing year was named at a meeting of the county board of education: J. D. Scott, principal; Miss Minnie Wolf, commercial department; Karl Mitchell, commercial; Elmer Bull, manual training; Mrs. Kathryn Peckenpaugh, domestic science; Miss Dorothy Higgins, Spanish and mathematics; Miss May Linfield, Latin and English; Miss Olive Terrell, history. Miss Higgins comes from Reno, Miss Linfield from Louisiana, Miss Terrell from Indiana and Mr. Bull from Riverside, Cal.

Four school districts in Humboldt county have been discontinued, owing to lack of a sufficient number of children to keep the schools going.

FRISCO DIVIDE STOCK READY FOR DELIVERY

Mr. C. J. Blumenthal announces that the treasury stock of the Frisco Divide Mining company subscribed for is now in Tonopah the Banking corporation ready for delivery. Subscribers please call for same.—Adv. A301t

ALASKA LEAGUE OF BALL PLAYERS

(Correspondence Associated Press) JUNEAU, Alaska, April 16.—Town along Gasineau channel, southeastern Alaska, are organizing a baseball league for summer games. Juneau, Douglas, Thane and other points probably will be represented.

Interest in baseball never has died in Alaska since the days when Fairbanks and Dawson teams played championship games under the mid-night sun once a year for the championship of the far north. The old championship games started at 12 o'clock midnight on the longest days of the year. They have not been played for several years.

ALL NEVADA CROPS LOOK WELL FOR THE SEASON

The weather and crop bulletin of the department of agriculture covering developments of the past week has the following to say about crop conditions in Nevada:

"Warm weather caused rapid growth of wheat, barley, oats and alfalfa under irrigation. Fruit in good condition. Showers much needed in some sections where range grass and pastures are drying rapidly. Cattle doing well; sheep have been turned on lower ranges in the west portion. Shearing nearly completed; fine clip of wool.

FIRST YANKEE SHOES ON SALE

(Correspondence Associated Press) BRUSSELS, April 2.—American shoes were placed on sale here today. Great crowds thronging to reach an objective on the northern side of the Rue Neuve becoming noisy and finally caused a call to be sent to the police station for the reserves. The objective was an American shoe store which had just advertised for sale a cartload of foot-wear, at prices ranging from 50 to 60 francs. In the shopping district shoes were worth from 80 to 150 francs and here these crowds were battling for the privilege of purchasing shoes at the lower cost, equivalent to \$10 or \$12 a pair. The supply was exhausted before sundown. As two poorly dressed women emerged from the store, one was

heard to say: "Blessed be the Americans; I have saved fifty francs."

POSITION DESIRED

as office manager. Thorough experience in mining. Also promotion correspondence, etc. College education. Can give bank references. Admitted to practice law. No objection to State of Nevada. 15 years experience.

BETTER BISCUITS

Light, tasty, flaky biscuits, you never saw or tasted the like of them—so delicious that the folks will demand biscuits twice to where they ask for them once now, when the leavener is

CALUMET BAKING POWDER

"BEST BY TEST"

—a baking powder that makes it possible to be truly American in Baking Economy. There is no loss—no spoiled bakings—no re-bakings. It never loses its wonderful leavening strength—never varies.

Calumet is the world's biggest selling Baking Powder because it has proved to the world's housewives that it is the most dependable and economical. Used in the U. S. Army and Navy. A product of the largest, finest, most sanitary baking powder factory in existence. Try it. Have greater baking success, more delicious and wholesome foods.

CALUMET BISCUITS

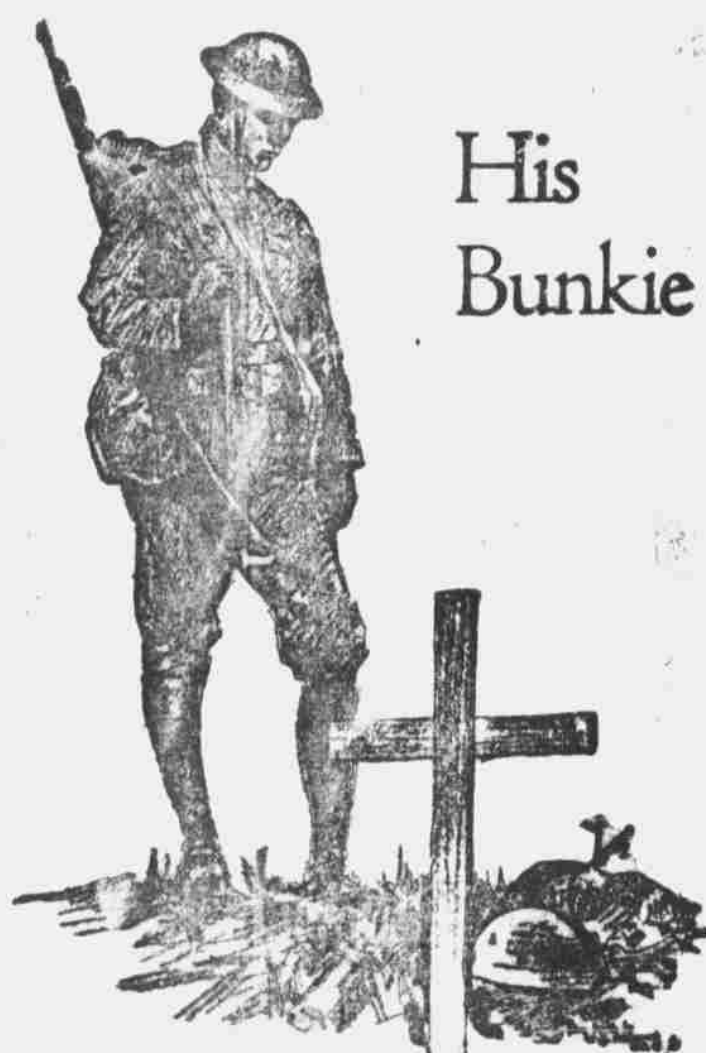

- 3 Level cups flour
- 3 Level teaspoons Calumet Baking Powder
- 1 Level teaspoon salt
- 3 Level tablespoons shortening
- 1 1/2 Cups milk or water

How to Make Them—Sift all dry ingredients together. Then work shortening thoroughly. Next add milk or water, mixing to a soft dough. Turn dough on floured board and roll out lightly till one-half inch thick. Cut into biscuits and lay in baking pan. Let stand for five minutes, then bake in hot oven.

This is positively one of the best biscuit recipes ever formulated. Cut out and paste in your recipe book for future reference.

A Word of Warning Worth Listening To

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.
